

School of IT Teaching Resources

Objectives

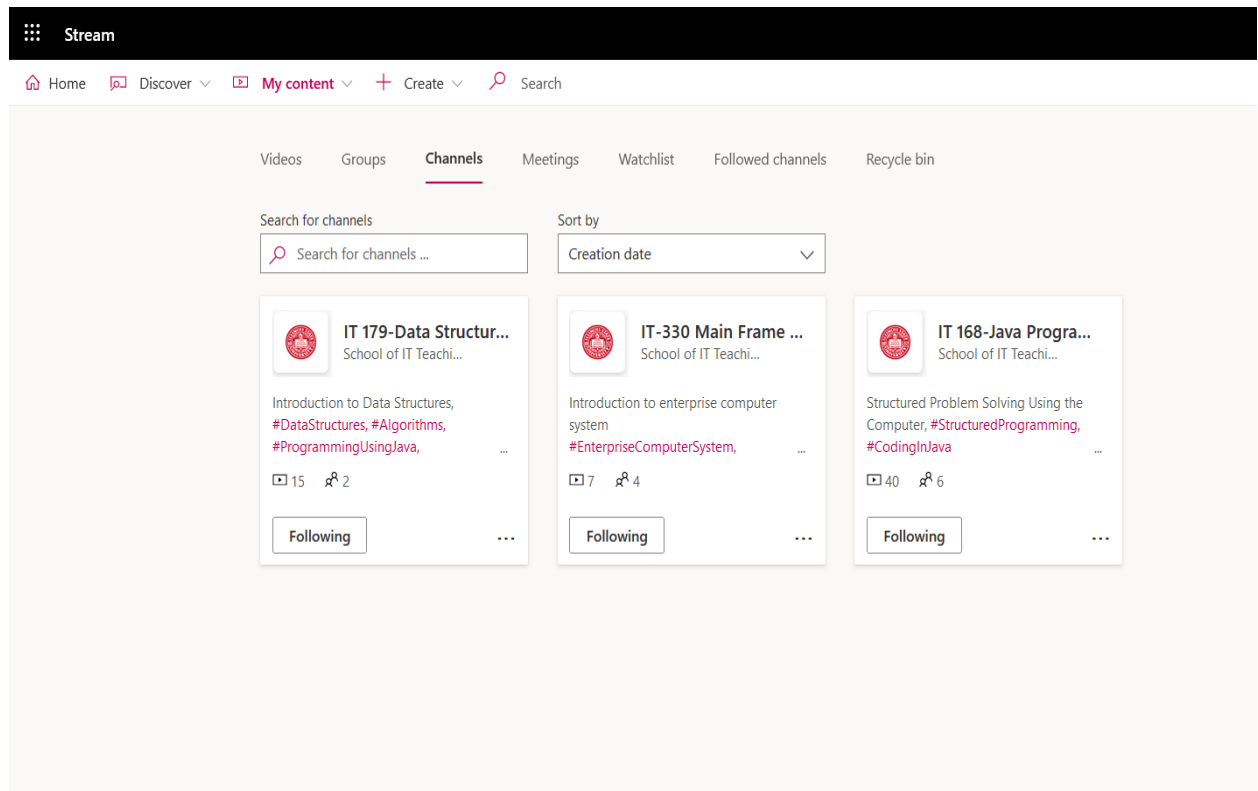

- Be able to access the ISU School of IT teaching resources streaming platform.
- Be able to navigate through the streaming platform to access IT 179 videos.

Preparation

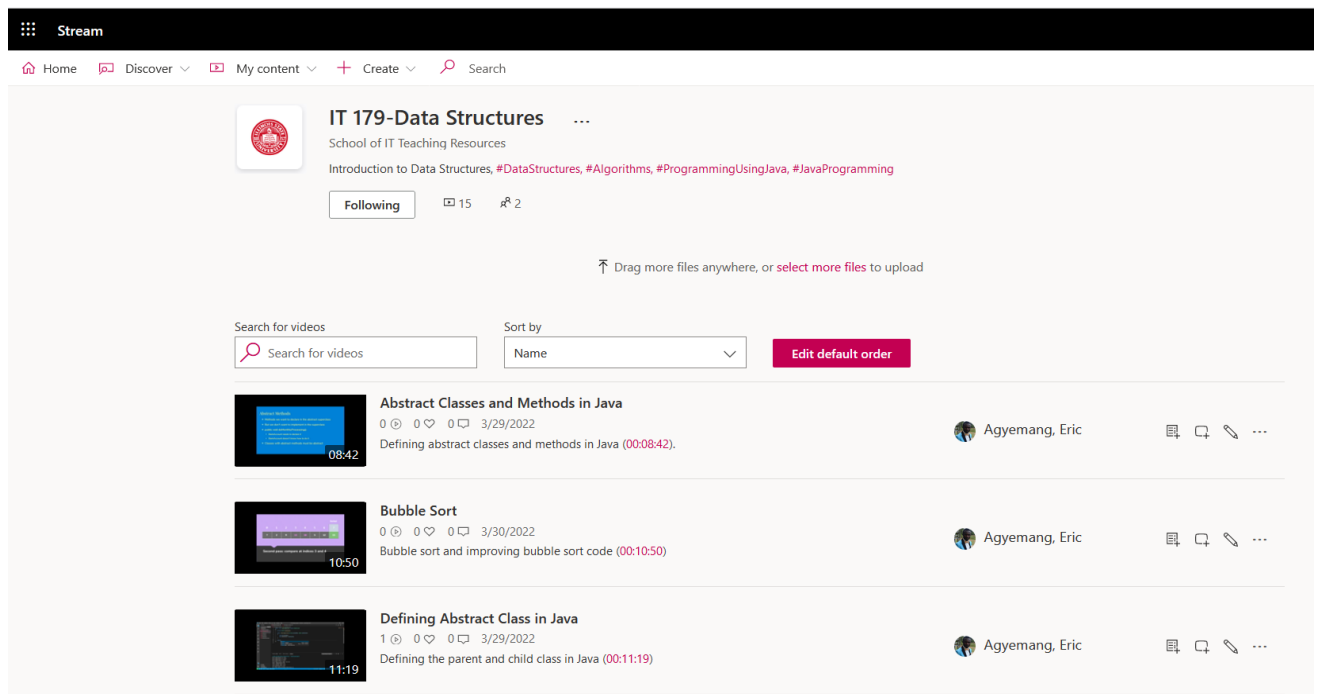

1. Go to <https://web.microsoftstream.com/channel/ddc3a373-57bf-4434-abf0-b53e8857574f>
Follow the steps provided to access the Microsoft streaming site. If prompted to enter your security details, please use your ISU ULID and password.

2. Go to “My content” and then select “Channels” from the pop-up menu.

3. Select “IT 179-Data Structures” to access its resources from the list of courses provided in the channels.

4. Use the “**Search for Videos**” option to search for a video you want to stream or scroll down the list to access other videos.
